Arrest

On May 31, 2014 the Mont Vernon Police Department responded to a medical call in Mont Vernon. It was initially reported that a 47 year old male was not conscious and had ineffective breathing. When Mont Vernon Police arrived, the 47 year old male was not conscious, not breathing, and was in the company of Brandon Calderara. The first Mont Vernon Officer on scene attached an AED to the victim and began CPR. The male was transported to St. Joseph's Hospital where he was pronounced deceased.

Based on a lengthy investigation the cause of death was ruled accidental due to the combined effects of the narcotic fentanyl and ethanol. During the course of the in-

vestigation it was determined that Brandon Calderera did purposely remove drug evidence from the scene prior to police arrival in order to impair the investigation.

Based on the information gathered, Mont Vernon Police sought an arrest warrant for Brandon Calderera, age 25, of Mont Vernon, NH. The warrant was granted by the court on 1/28/15. On February 18th Brandon Calderera was arrested by the Mont Vernon Police Department and charged with one count of falsifying physical evidence (class B felony). Calderera was booked and processed by the Mont Vernon Police Department. He was subsequently released on \$20,000 PR Bail with a March 18, 2015 arraignment date.

Morning Book Discussion Program

"The Unlikely Pilgrimage of Harold Fry" by Rachel Joyce is the next selection in the Daland Memorial Library's Morning Book Discussion Program. The book will be discussed on March 2 at 10 a.m. Harold Fry, recently retired and living in a small English village, begins a 600 mile walk north to see an old friend he hasn't seen in many years who is in hospice care. On his journey he meets many interesting characters as he reflects on his own life. Published in 2012 the book was a national bestseller.

The April 6 discussion will be a non-fiction selection "Gulp: Adventures on the Alimentary Canal" by Mary Roach. Exploding stomachs, engorged colons, and an hypothesis on where the idea of fire eating dragons comes from are a few of the humorous and curious stories the author writes about as we trav-

el down the alimentary canal. Published in 2013, it received critical acclaim.

The group usually meets the first Monday each month. The meetings last an hour and a half to two hours. Participants take turns bringing a light refreshment. No attendance requirement – attend discussions that are of interest. The library purchases a copy of each selection that may be checked out by library patrons when the book is not reserved for the discussion. Copies of both books now at the library are made available through inter-library loan.

The dates and list of books for the year are as follows:
